# Special Weeks for Cape May Bible Conference

### RADIO CONFERENCE (June 4-7)

The Twentieth Century Reformation Hour is responsible for the Cape May Bible Conference. Again this season, representatives of the radio committees of all the radio stations past and present that have carried the Twentieth Century Radio Hour program are invited to the Cape May Conference. Two representatives of each radio committee are to be the guests of the conference. Fill a car and drive in. Any radio listener or interested friend who desires to hear the story of what God has wrought in twenty three years of broadcasting by Dr. McIntire without ever missing a day, are invited to come. All are welcome.

### MINISTER'S CONFERENCE (June 8-10)

The 30th anniversary of the forming of the ICCC will be observed throughout the entire 1978 season. The Minister's Conference will deal with the questions that the separated minister faces. Its concern will be preparation for the 10th World Congress of the ICCC. These conferences in the past have attracted many ministers and their wives. Dr. and Mrs. McIntire extend an invitation to every minister and his wife who is interested in this testimony to come. They will be the quests of the Conference with no charge for two nights and six meals. The Clergy are all asked to co-operate in preparing for and welcoming their brethren from 86 nations as they come in 1979 for the Tenth World Congress. These conferences in the past have left a benediction in the hearts of those who avail themselves of this fellowship and opportunity. Notice should be given as soon as possible to the Conference at its Cape May location.

### FAITH AND FREEDOM WEEK (July 1-8 and August 12-19)

Major Edgar C. Bundy, director of the Church League of America, a former airforce intelligence officer, is America's outstanding authority in the field of the so-called liberation movement and Communist subversion. The Communist take-over of Africa with their concentration on Rhodesia and South Africa with the use of guerrilla tactics, offers lessons to the American people. Major Bundy has been a speaker at the Cape May Bible Conference since its beginning. He is highly respected and will be the only speaker during the week at the Christian Admiral and will enable all the Conference members to receive in depth the type of material and information which a superficial summary in one or two meetings cannot provide. These two segments, one in July and the other in August are a must for all patriots.

### WORLD NEWS IN PROPHECY (June 8-18)

The signs of the times are for God's people to recognize. Jesus Christ was most specific in alerting His people to His return. Events focusing around the Middle East, the development of World Government as a prelude to the rule of the anti-christ and the forces that are working for a world church — the ecumenical movement, all are a part of these signs. The earthquakes in divers places and the distress of nations are also a part of it. This Conference will offer to God's people — faith, the full assurance of victory and impress on all the shortness of time to win the lost and to occupy.

### CHRISTIAN LIFE (July 15-22)

Christian living in perilous times with the pressures of the world, and the disaffections among youth and many related problems call for counsel and comfort.

Every Christian concerned about his life in Christ will be concerned about his walk and conduct, the use of his time, the Lord's day and the Lord's money. There are principles of guidance which God's people must understand. The Charismatic movement has developed and brings deception

and misunderstanding, the place of the Holy Spirit whose mission is to testify of Christ and not of Himself, all of this and many other questions are related to the normal well-balanced and full Christian life. Periods for questions and answers will be provided. This will be an excellent week for families. More than 100 young people on the staff of the Bible Conference with their own Bible Study periods can be of help to the young people who will come with their parents.

# THE STONES CRY OUT (June 22-29)

# featuring the TELL-MARDIKH TABLETS

Nothing that has happened in the archaelogical and theological world has caused such consternation and even bewilderment as the discovery of the 20,000 tablets in Tell-Mardikh, Syria, two years ago. Everything now has changed. The early chapters of Genesis are known to be reports of records with names of persons and places. This Conference will present the latest developments and they come with each passing month, and will deal with the projection of the archaelogical endeavor to uncover the ruins of Haran, a short distance from Tell-Mardikh, Tell-Mardikh goes back 4,400 years. It is deemed certain that at Haran. where Abraham was before entering Canaan, there will also be similar finds of that period. Tell-Mardikh has already revealed 5,000 cities of trade during the third century B.C. Under the leadership of Dr. Howard Carlson and Dr. Carl McIntire every Christian will be provided with evidence to confirm the truth of the Bible. Faith Theological Seminary has established a Tell-Mardikh Center for studies. Brilliant young leaders are encouraged to enter this field.

### **EVANGELISTIC CONFERENCE (July 29-August 5)**

The winning of souls for Christ is a charge resting upon every Christian. Evangelists Billy Lane and Morris M. McDonald with a special call to this field have been an attraction and a blessing to the Bible Conference for a number of years. Their return again this season will be welcomed by all. Their messages have been and will be used to attract the unsaved who come to the seashore during the crowded season. They preach the Word with poignant illustrations. Their invitations are clear and direct. They deal with the spurious evangelism of the neo-evangelicals who simply call it commitment to Christ rather than faith and trust as the Bible calls it. They also deal with ecumenical evangelism in which the social gospel becomes a tool of the revolution.

Those who hunger and thirst after righteousness will certainly be filled as they hear the old-time Gospel preached.

### ANNUAL UFO CONFERENCE (August 5-12)

The Twentieth Century UFO Bureau was established September 8, 1973 by Dr. Carl McIntire and Robert D. Barry, formerly connected with radio station WXUR and a man who has spent years in studying the mysteries and uncertainties of the unidentified objects.

President Carter during his campaign revealed that he intends to make known to the American people what the government knows about this phenomena. It is now generally believed that they do represent some alien surveillance of our planet.

Mr. Barry has pictures, film slides, and other documentation, of sightings that are continuing. It is now believed that the unidentified objects have been paying special attention to the Holy Land and the struggles of Israel. This conference has a wide appeal and brings an increasing number of investigators.

THE BIRDS OF THE HEAVENS - AUDUBON SOCIETY (Sept. 29-Oct. 1)

Cape May is a sanctuary for birds ranking first or second along the coast. Merritt Island near Cape Canaveral in Florida is its companion.

The Audubon Society has chosen Cape May for its annual meeting and comes to the Gardner Auditorium for its displays, films and addresses.

Each side and end of the auditorium is given to special displays of the many varieties of birds. The booths are manned by individuals and groups who have made their studies and produced their arts. It is indeed, a most colorful display. The Conference facilities are available to all who desire to attend. Regular church services are held for all on the Lord's Day.

### BIBLE PRESBYTERIAN SYNOD (October 13-19)

Dr. Carl McIntire is a minister of the Bible Presbyterian denomination and has served the Collingswood congregation for 45 years. The Synod which unites the churches across the country and Canada will meet October 13-19 in Cape May in the Christian Admiral. These sessions feature the Bible Presbyterian evangelists, missionaries, educators, leaders, and preachers. Their evening messages are of great value. The public is invited to all services.

#### WINDSOR

The Windsor takes its name from the House of Windsor. It was the queen of all hotels. Since it was closed four years ago by the City of Cape May, it stands simply as a beautiful remnant of Victorian grandeur. It contains antiques including the Lincoln rocker, the Windsor chairs and the famous brass bed. Tours visit it.

### NATIONAL HISTORIC LANDMARK

October 9 was the date the City of Cape May held its dedication celebration the honor bestowed upon it by the Congress of the United States. The Cape May Bible Conference which owns the Congress Hall and the Windsor possesses the two foremost attractions with colonial and victorian structures. The Conference desires to cooperate with the City in its exaltation of its victorian motif and historic promenade.

#### CONGRESS HALL

Congress Hall ties the present with the past as no other structure in this Victorian capital. It has 50 columns, one for each state, which rise three floors in height and surround the building. The walls are 24 inches thick and made of a masonry of the earliest days. Each of its 100 rooms has a private bath. Six presidents have stayed here and the General Grant room is on display. Its lawns, which fill a city block. offers a spaciousness which characterizes the soul of the city in its early days. The Bible Conference took it over when no one wanted it and has now been declared by the Department of Interior to be one of the historic pieces of architecture which the country must preserve. Its Dining Room is royal red and occupies the entire east wing of the building. The rates include only two meals a day. A morning Bible Study is conducted each day in what used to be the Theater. Hymn Sings are held on the lawn at the time of the Full Moon and student fellowship meetings are held each evening around the pool. The London Buses provide free transportation to the Christian Admiral for the conference members to attend the evening services and the services on the Lord's Day.

The Busing Ministry has brought people to it from a circumference of four hundred miles.

It stands as the last of the hotels of its kind — such as the President, Lafayette, Chalfonte and others, which were destroyed by fire. Horse-drawn coaches brought summer residents along Sunset Boulevard from the Point where the big Wheel Boats discharged passengers from Philadelphia.

Many people love to sleep in Congress Hall just to be able to say they have been there. Daily tours are offered to the public. The addition of the Congress Hall to the Bible Conference in Cape May has been used by God to bring many to the Lord in salvation. Senior citizens seem to be especially attracted to it. The picture of every president of the United States, many relics and antiques from the United States Congress and the eastern states, may be found there.

# Christian Admiral

The Christian Admiral sets apart from the town. It offers a quiet majesty with a magnificent view of the ocean. Its wide sun-filled porches invite leisure hours of ocean watching, reading, or dreaming.

The messages of the Bible Conference are heard in the spacious Robert Lee Gardner Memorial Auditorium, which seats 3,000 people. Its public address system reaches to every seat.

An after-meeting hymn sing on the Admiral rotunda will linger long in your heart. The music of your favorite Gospel songs is carried away by the breeze, the same breeze that waves Old Glory overhead while the moon silvers its path across the Atlantic.

CHRISTIAN ADMIRAL Phone: (609) 884-8471

Rates include maid service, three meals a day except Sunday when breakfast is 8:00-9:30 a.m. and one other meal will be served from 1:00-5:00 p.m.

	double	single
Hall Bath	\$ 190.00 (for 2)	\$102.00 per week
	17.00 each	17.00 per day

Free parking, use of all Bible Conference utilities, transportation between Congress Hall and Christian Admiral available to all guests of the Bible Conference.

Bible Conference Fee included in all rates.

#### PANCOAST HOUSE

This Victorian structure sits on the Beach front with a magnificent view of the ocean. It is the third house north of the Christian Admiral. It consists of eight apartments accommodating 4, 6 or 8 in a family. They are very popular and some of them are reserved from year to year. The price ranges from \$165 to \$210 per week. They are equipped with dishes, cooking utensils, refrigeration, utilities and kitchen and bedroom facilities. Bedding, kitchen and bathroom linens must be furnished by the guests renting the apartment. Reservations are made directly with the Christian Admiral.

### STOCKTON HOUSE

The Stockton House is in the center of town at Newton and New Jersey Streets, one block from the beach and the promenade. It consists of three apartments with cooking facilities and refrigeration. Also available are 12 rooms with hot and cold running water in the rooms. Meals are provided, if desired, at the Christian Admiral. These apartments are very popular for families and are rented on a weekly basis from Saturday to Saturday for \$165 for four people. Day beds are available for an extra charge. Cribs are free. The rooms are \$95 per person with meals and \$125 for two without meals.

### VIRGINIA HOUSE

One of the choice properties which came into the Bible Conference's hands is the Virginia House. This 65-room Hotel or Pension is on Jackson Street, one-half block from the Beach and one-half block from the Victorian Mall in the center of the city. Twelve rooms with private bath are available for \$10 per night, per person and the rest of the rooms have running water and are \$16 for two. No meals are served.

### LIBERTY LODGE AND PILGRIM PLACE

These two houses have 23 rooms with private baths. They are large houses which belonged to the Lafayette Hotel and graced the Beach Drive at Ocean Ave. They were considered the very finest of accommodations of the Victorian period. The staircases are solid walnut with the spindles lathed from solid walnut. The porches are the typical gingerbread. The windows are large and tall. One of the houses still has the cupola of that period. These accommodations are a delight to stay in. The two houses are not exactly twins and were given to the Conference in order that the Lafayette modern Motel could be erected. They were moved down Beach Drive one after the other with the entire town gracing the promenade and sidewalks.

Several of the rooms are with connecting bath and will accommodate a family. Every room has at least one double bed or two twin beds and is fully serviced. Reservations are handled at the Christian Admiral desk and are a part of the Bible Conference facilities serving our members. The rates include the meals or rates can be obtained without meals.

### THE MORNING STAR VILLA

The glory of the Victorian period is the Morning Star Villa. Everything about it, including its spacious lounge, is of that kingly mold. It has 65 rooms all with outside windows. It is four stories high and has an excellent view of the ocean, the city, and the entire peninsula.

There are many people who love it and ask for it. Sousa's band stayed here; Wally Simpson, who married King Edward made her debut from the lounge and Henry Ford stood at the counter and borrowed money for his fee to enter his car in the races along the strand.

This structure was a part of the Colonial Hotel complex. It was given to the Bible Conference for \$1.00 and was moved down Beach Drive to its present location, in two sections. The pictures of this moving operation were carried across the country and even into European countries. The building is now in two parts with the Morning Star facing the sunrise and the ocean and the Evening Star facing the sunset and the bay.

The Morning Star is a part of the Bible Conference facilities and is for the accommodations of its members. The price is parallel but slightly lower than that of the Christian Admiral. Reservations are handled through the Christian Admiral or directly with Mr. and Mrs. Mohr, who are in charge of the building.

Fall and Spring week-end activities planned. Write for information

### A SISTER CONFERENCE

Patterned after the Cape May ministry is the Gateway to the Stars in Cape Canaveral, Florida. This facility is the former Hilton Hotel with two hundred rooms each with private bath and varying colors. It was opened as a Bible Conference in 1971. A fleet of Eagle buses - five of them known as the busing ministry brings many from the northern area. The Conference is open the year round and is directed by a full time minister of the Gospel, the Rev. James Blizzard, Many who have been to Cape May now also come to Cape Canaveral as part of their vacation, Information concerning it may be secured by writing Mr. John Wolf, bus ministries, 756 Haddon Avenue. of Collingswood, New Jersey 08108 or Mr. B. J. Bashaw. manager, 8701 Astronaut Blvd., Cape Canaveral, Florida 32930. Folders and schedules are available upon request. Buses leave on Fridays and Tuesdays. The cost of a week with two in a room, is \$149 each. The transportation on our buses is free. Each bus accommodates 42 people and takes church groups; senior citizens; and others. Visits are made to the Space Center, Disney World, and Cypress Gardens.

#### THE THIRD BIBLE CONFERENCE

Each year at the time of the full moon in the Middle East, Dr. McIntire conducts the Holy Land Conference. In 1950 Dr. Lambie took a group which included Dr. McIntire around the Holy Land and at each stop all took their Bibles while he read and explained. Dr. McIntire has used this method ever since. In 1977 the Conference lasted 17 days, and went over to Macedonia and visited five of the seven churches of Asia Minor before reaching Jordan and Petra and then proceeded to Beersheba. This also was the first and largest religious group to make their way to Tell-Mardikh.

In 1978 the Conference will be seventeen days - April 17 to May 2 and will go first to Baghdad, Babylon, Ur of the Chaldees, Nineveh, and back to Haran. This covers the books of Daniel, Esther, Jeremiah and Genesis. The buses will follow the Tigris and Euphrates Rivers in the area of the Garden of Eden. Nine days will then be spent visiting Petra and following Joshua and the Judges in dividing the land into twelve tribes. The cost of everything will be \$1669. For those who cannot be gone 17 days, we have a shorter 10-day session with the Holy Land and Petra included which is \$869. The shorter tour leaves New York, April 24 and will join the longer tour in Ammon, Jordan, All of this will be celebrating the thirtieth anniversary of the State of Israel. All who are interested should contact Dr. McIntire immediately at his Collingswood headquarters. Dr. McIntire will remain with the Bible Conference the entire way and will be assisted by Rev. Morris McDonald and Dr. Howard Carlson, the leader of the Tell-Mardikh Faith Seminary studies.

### TO ALL WHO RECEIVE THIS BROCHURE

This can't tell the story but it can be used everywhere.

The Bible Conference is in an historic place. Cape May is now one of America's National Historic Landmarks and does bring together these glorious elements of our national life as free men.

The Bible is the Book of God and He is the author of Liberty. Just to be here, see the ocean, hear the gentle lapping of its peaceful waves or the angry roaring of the mighty sea; to be so close to the stars and the sky and the birds and then to find the peace and rest which our bodies and our souls need, is indeed the design of God. I invite you to come to Cape May. There are many who have never missed a year since we have had the Bible Conference. We can say with the Psalmist, "I am a companion of all them that fear thee." God has given us this place. Please come with us. I welcome you as will all our staff and the many members of our conferences.

Res. 1:9

Carl McIntire

# Cape May Bible Conference

Henry Hudson, the British explorer, first sighted this portion of the mainland known as Cape May and the Delaware Bay in 1609. A Dutch trader, Captain Mey, gave this point its name. For 300 years this spot has been on the main street of travel and trade, pleasure and health, for multiplied thousands of Americans. Six presidents have visited it and two of them made the Congress Hall the summer White House. In Cape May County more descendants of the Mayflower lie buried than in Massachusetts, itself.

These were the considerations, especially the testimony of the Pilgrims and the glory of the Victorian period, which led to the Lord's people making it a place for the Praise of God and a study of the Bible. John Wanamaker, the merchant prince, developed the first conference which attracted many to the area. This testimony stood loyally by the faith of the Puritans and those who founded the nation. The successors to this conference in all of its doctrine and purpose have in God's good providence secured the most outstanding property — former hotels — to be used for the Gospel and the defense of the faith in the Twentieth Century Bible Conference.

The Cape May Bible Conference under the direction of Dr. Carl McIntire has risen to meet a special need as other conferences over the lands, such as Chautauqua in New York, Northfield in New England, have been misdirected into the hands of the liberals and the ecumenists.

The Cape May Conference built by the fundamental Bible-believing Christians and supported by the Twentieth Century Reformation Hour Broadcast across the country has indeed become a haven for families, students, church groups, synods, special conferences, and during the summer season, itself, it has featured both national and international Christian leaders.

The gentle breezes from off the Atlantic, the brilliant sunsets, the multiplicity of birds, and the plentiful varieties of fish, have combined not only to provide a choice vacation spot but offers a setting where the glories of God's creation, His general revelation, and the wonders of His Book, the

Holy Bible, bless the souls of men. Cape May reflects the brilliance of the morning sun as it starts its course as a strong man to run a race. The gleaming and glittering waves of the sea in the light of the full moon, crown it with a halo from heaven.

The ships at sea pass this way. The bright and morning star always in its place, representing Jesus Christ, greets every saint and sinner.

You are invited to come to Cape May. On April, 1976 the United States made it a National Historical Landmark placing it on the same level with Williamsburg in Virginia, and the Alamo in Texas. Cape May now belongs to the nation. And the Bible Conference ministry calls all to be loyal to the God who gave the country birth, and to the flag which is its banner of liberty.

Cape May has much to offer to everyone. All are welcome to this God-blessed Cape May Bible Conference.

### GENERAL INFORMATION

General Manager, Mr. and Mrs. John Ide

FULL MOON HYMN SINGS - June 17; July 22; August 19.

Each summer the moon in God's order arises from the ocean in its fullness three times during our Conference. These dates are set aside for Hymn Sings on the lawn of the Congress Hall. The singing of the many gospel hymns followed by a special evangelistic message has been blessed of God. These dates should be carefully noted and the Lord's people should plan now to be present at the Conference for the week or drive in for the day and take part in singing with the saints.

The Hymn Sings begin 8:00 p.m. providing a refreshing evening alongside the ocean.

Special music provided by the young people on the staff of the Bible Conference under the direction of Mrs. Paul Cox.

REFORMATION SINGERS: June 24 & 25

July 15 & 16 - Aug. 19 & 20

# America's New National Historic Landmark Cape May, N. J.
